

# Towa Kagaku Co., Ltd.

**Location:** 6-5 Funairicho, Naka-ku, HIROSHIMA-CITY, HIROSHIMA-KEN, Japan  
**Representative:** President Bungo GODA

Business Classification	Capital	No. of Employees	Established
Special Service Industries	¥50,000,000	220	1969

**Description of Business :** We have always strived to make real recycling in the resource society by considering the harmony of human and nature through our business.

<p><b>Main Products and Business :</b>            The environment impact basement / The plan and design management / The research and development for the environment technology / Selecting the suitable land for the facilities of the waste / Planning and designing / / survey</p>
<p><b>Main Equipment and Facilities :</b>            JMS-700 high resolution mass spectrometer (HRMS) / Total reflection X-ray fluorescence analysis device / Electric probe / Radiometric prospecting device / measuring instrument of the underground water current &amp; counter current / Gas chromatograph mass spectrometer / Electron micro-analyzer / Liquid chromatograph spectrometer / Gas chromatograph spectrometer / Ion chromatograph spectrometer / ICP luminous spectrometer / ICP mass spectrometer / Atomic absorption spectrophotometer / The upper air meteorological weather observation device / Underwater robot system / Tidal current measuring device / Water quality analyzer / Atmospheric quality measuring device / Plasma reactive test device / Clean room class 1000</p>
<p><b>Qualified Permits, Registrations and Others :</b>            Construction consultant (Construction Ministry No.3651) / Construction Office (Pref. No.916) / Geological Survey Bureau (Construction Ministry No.1211)            Measure Certification (Hiroshima Pref. K-5, 31, 64) / Surveying (Construction Ministry No.14891) / Insurance Consultant (Construction Ministry no.2736)</p>
<p><b>Licensed and Qualified Engineers &amp; Specialists :</b>            22 technicians / 4 architects (1st class) / 15 civil work control technicians (1st class) / 11 surveyors / 11 environmental mass measures / 3 RCCM / 6 surveyors / 1 compensation manager</p>

## Environmental Preservation Activities

Environmental Pollution Prevention	The water pollution prevention with the cleaning system for dissolvent and heavy metals / preventing the air pollution and the odor with the plant of cleaning exhaust
Waste and its Recycling	Reducing the documents for the meeting and paper by using the both sides of the paper
Preservation for the Global Environment	For the reduction of CO <sub>2</sub> , urging people to use the public transportation.
Others	Our home page lists the environmental issue / the education about the environmental by in-house LAN

## Eco-Business and Eco-Products

Services for the Environmental Conservation	The environmental impact assessment (business of constructing the waste-disposal plant) / Restoration of the soil pollution / The geological consultant for the survey of the underground water / Maintenance and management of the environment by proving the various measurements and special analysis / Consultation business for the industrial waste to conserve the environment / Construction / Water supply and sewerage / consultation for the marine and environment / The natural environment information system / The simulation system for the diffusion of the air pollution
---	--

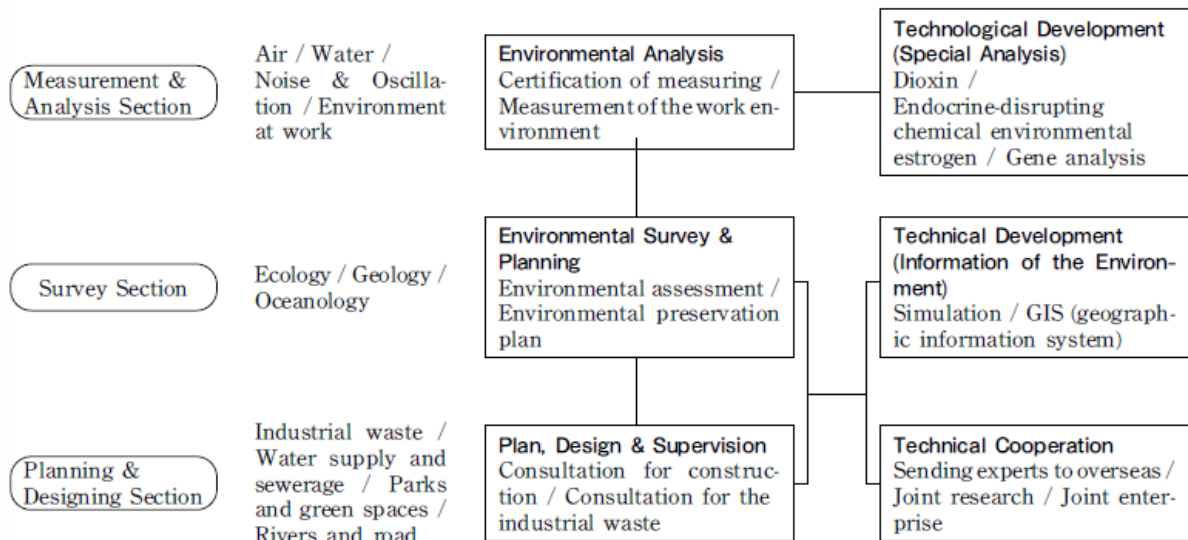

Consolidation of the Social Infrastructure	Consultation for the industrial waste (the environmental impact assessment, planning, designing, constructing and maintaining) / City planning / Planning and designing for the garden / Consultation for the water supply and sewerage / Consultation of the construction for the ecological environment
--	---

#### International Contributions with the Environmental Technology

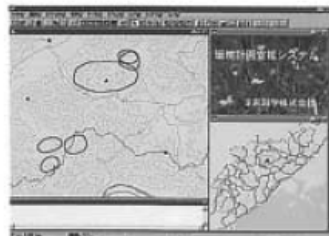

Experts were sent to ; Environment Advisors were sent to Saudi Arabica from December of 1998 to May of 1999 through JICA

Survey of the aide and development for the poor villages in the highland in the middle part of Guatemala from July of 1999 and August of 1999 through JICA

#### Outline of Business (Flow System and Photo)

Liquid Chromatograph  
Mass Spectrometer

Natural Environment  
Information System

Koji Clean Center

#### Further Information on Environmental Technology

[ Head Office ] : Towa Kagaku Co., Ltd. Administration Division

Contact : Masaharu IGURO

Address : 5-6, Funairi-Cho, Naka-Ku HIROSHIMA-CITY, HIROSHIMA-KEN 730-0841, Japan
